- Gavin Pike
- Jeff Oring
- Angela Ferrante (recording)
- Amelia Amon
- Chris Passavia
- Irene Racanelli
- AJ Reisman
- Josh Borow

Board Members Not in Attendance

- Josh Spitalnik

Playground Meeting Plan

- After hearing from the community at the in-person meeting, speaking directly with individuals, and over email, it largely appears those against the proposal still want a playground but want more information and a scaled-back plan.
- The Board is looking into making sure the playground meets all requirements of the ToNH.
- We are also reaching out to American Recreational Playgrounds which builds playgrounds for Port Schools to consider an additional vendor familiar with the area and perhaps more commercial oriented.
- The Board Plans to reconvene Committee and ensure we meet any ToNH requirements if any and take into account the additional feedback of the community.
- The board plans to ask a PWEA resident who is an architect to join the committee to review feedback and come up with a better proposal
- The Board feels the new proposal should be put to a vote.

The meeting was adjourned at 8:45
